### Fourth Of July

July Fourth; independence; the Revolutionary War; freedom; Valley Forge; the Liberty Bell. All of these and much more come to mind for people on the birthday of our country. Many have died to preserve this glorious heritage.

Today, Independence Day means various things to different people. For some, it has a deep, hallowed meaning. For others it is a day off from work, a time to go to the lake and barbecue with

friends. Most everyone will enjoy fireworks in the evening—either in person or on television.

Regardless of the meaning which July 4th holds for you, enjoy it—appreciate it. As you do, remember to be thankful that you are free to choose how you want to spend this day. That is really the bottom line here.

There are many people in this world who do not have a choice how they are going to spend the day — you do.

Hillsboro Interfaith Ministries (HIM) is accepting food and donations to assist the community. Call 254-580-2717.
